Dear Lauren

Your Donation to Futures For Kids

I am writing on behalf of the Trustees of FFK to thank you and all at Ebullio Management for your very generous and completely unexpected donation of £3,333.33.

As you know FFK is run by volunteers drawn from the Futures and Options industry who are eager to put something back to provide a long term future for children from around the world; to this end therefore we have selected three charities whose activities are concentrated in the UK, Africa and Eastern Europe as the first beneficiaries of the funds we collect.

The fact that FFK is still run on an entirely voluntary basis also means that we will be able to distribute your most generous gift directly to our favoured charities.

Please do not hesitate to contact us if you are interested in receiving any further information on FFK and the charities we support.

Once again thank you very much indeed

Yours Sincerely

David Stuart  
Trustee/Company Secretary
